INTERNSHIP EXPERIENCE

Civora Nexus – Full Stack Developer Intern (Remote) 5 Jan 2026 – 11 Feb 2026
CivoraX Internship Program *Certificate and Experience Letter received, 2026*

- Completed a five-week remote Full Stack Development internship, working on the VendorVerify Smart QR Authentication System (Project ID: FSD-117).
- Used Git and GitHub for version control, including commit, push, and pull workflows.
- Submitted daily progress reports and implemented mentor feedback on project modules.

PROJECTS

StudySphere – Student Learning and Assignment Management System GitHub
MongoDB, Express.js, React.js, Node.js

- Built a MERN stack web platform where students and teachers manage academic work in one place.
- Implemented separate student and teacher access, with assignment creation, deadlines, and instructions.
- Added file-upload submissions with deadline tracking and status monitoring (submitted, pending, completed).
- Designed a responsive interface for desktop and mobile devices.

VendorVerify – Smart QR Authentication System (Internship Project) GitHub
QR Code Integration, Authentication, Backend Logic, REST APIs

- Developed a web application for QR-based vendor authentication during the CivoraX Internship Program.
- Implemented QR code integration, user authentication, backend logic, and REST API usage.

CERTIFICATIONS

- CivoraX Internship Certificate and Experience Letter – Civora Nexus Pvt. Ltd., 2026
